

## **Defensive End Leonard Little**

### **September 24, 2008**

(On if he will be ready to play this week)

"I don't know, I am just going to see how this week goes just take the conscious approach. A lot of coaches want me to. So I am just going to see how it goes."

(On QB Trent Green becoming the quarterback)

"Trent is a seasoned veteran and he is going to be our starting quarterback Saturday and that is the only thing I know. Hopefully he goes out and plays well and hopefully we win the game."

(On how big this Sunday's game against the Buffalo Bills for the Rmas)

"We just have to get our first win, some how, some way. I think if we get our first win early Sunday, hopefully, then we will be okay but we just have to get our first win some how."

(On if the change at quarterback affects the team)

"We are players and we are going to do what our coaches tell us to do, so it shouldn't affect us that much. They are on the offensive side and we are the defensive side. We have to worry about stopping people rather than who is out there at quarterback and that is our agenda. People have scored a lot of points on us and we have to stop that, so we can't worry about who our quarterback is going to be on Sunday."

(On if CB Fakhir Brown's release sent a message to the team)

"We are in the NFL now so things can happen. So you have to play like, you have to practice like, and you got to go out like your job is on the line. That is the way you have to do it in this league. Things like that happen all the time, you just have to get over it and try to move on a little bit."
